

South Hills High School's Intervention Programs

South Hills High School offers numerous tutoring and intervention programs for all students needing additional academic support outside of the regular school day. Tutoring is available in all academic content areas. Additional information regarding these programs is available in the counseling or deans' offices. Students participating in these programs can earn credit for serving detention hours. Some teachers offer extra credit for participation in tutoring.

Program	Days	Time	Location
Morning English Intervention Tutoring help with all English courses and help with preparing for the English portion of the CAHSEE	W & Th	7 – 7:55 am	T-5
